

To all involved in my rescue
Yesterday, 9/11/08 -

Thank you so much for finding
me & my dogs and returning me
safely back to my mommy. Thank
you to the dispatchers & officers who
kept my mommy calm while you
searched for me. And thank you to
all the officers who searched the
entire D Section & found me with my
puppies on the golf course. Daddy put

new locks that need keep on all
the gates so I can't escape again!
I know bad things could have
happened to me so thank you
for jumping into action so
quickly. And thank you for all
the stickers. Kisses -
